Client Accounting Suite
Version 24.7.0 Release Notes
January 2026

Important Information
To ensure that the Client Accounting Suite update installs correctly, you should download the update to your desktop to install.

To download:

- Click the **Download File** icon located next to the update.
- Save the **CAS_247_335.exe** to your desktop.

Note: This update must be applied to version 24.0.0 or higher of Client Accounting Suite.

Installing

⚠️ To install Client Accounting Suite the user must have Admin rights or be a network administrator, and all instances of Client Accounting Suite must be closed.

To install Client Accounting Suite 24.7.0:

1. If open, close all instances of Client Accounting Suite program.
2. Navigate to your desktop.
3. Double-click **CAS_247_335.exe**.
4. In the **Start Installation** window, click **Next**.
5. In the **Installation Complete** window, click **Finish**.

Note: If Client Accounting Suite is installed on a network, the update must be installed on the server, and netsetup.exe run from each workstation.

Regulatory Updates
The following regulatory information is now available for Client Accounting Suite and Client Accounting Suite Premier:

- **2025 Federal Forms update**
  - The 2025 1099-NEC now includes the wage amounts entered through check entry in Box 1 for vendors.
- **2026 Federal and State Withholding Rates**
  - No updates for 2026 will be provided due to Client Accounting Suite Payroll being sunset on December 31, 2025. See [CAS Sunset Resource Center](#) for more information.

Review the Year End Guide for all Regulatory questions and procedures. The Year End Guide is available on-line in PDF format from the Help Menu.
Adobe Acrobat Readers is required to view this document and is a free download from [Adobe](#).

Software Updates

- The 2025 Tax Exports for ATX and TaxWise are available in this update. Tax Line assignments have been updated for 2025.
- The 2025 Tax Exports for ProSystem fx, Axcess, Lacerte Tax and ProSeries Business Tax have been enabled.

Note: The 24.7 Update is the final release for Client Accounting Suite and Client Accounting Suite Premier.
